Mixer Grinder WONDERCHEF Acura Plus - 750 W

One Machine, Endless Possibilities

Product Highlights:

Introducing Wonderchef Acura Plus Mixer Grinder in 750W. The powerful motor and superior performance make it an indispensable tool for all your grinding and blending needs – from a quick smoothie to a complex spice blend, with minimal effort.

Superior Performance: Powerful motor for efficient and perfect grinding and blending.

Versatility in Performance: Be it chutneys, masalas, batters, purees, pastes, podis, milkshakes, or smoothies, Acura Plus mixergrinder easily handles even the toughest ingredients.

Hands-free Operation: Monitor the blending without having to hold the jars with the unbreakable polycarbonate transparent jars with screw type lock mechanism. The jar capacities are as below:
750 Watts: Transparent blending jar (580ml), stainless steel dry grinding jar with lid (1.5 L), stainless steel chutney jar with lid (500ml), transparent sipper with sipper lid (580ml)

Blender Inside, Sipper Outside: The sipper lid allows you to carry your shakes, smoothies and other blends whenever you are on-the-go!

Super Sharp Stainless-Steel Blades: Equipped with superior quality, anti-rust food-grade stainless steel blades for all blending and grinding functions.

Exceptional Stability: Its unique tower shape build and strong suction feet ensure stability and strength.

Overload Protection: The machine features an overload protection switch at the bottom of the base to prevent the motor from overheating.

Safe and Clean to Use: The concealed bush feature guarantees contamination-free operation, providing a clean and safe grinding experience every time.

Warranty: Wonderchef products are inspired by Italian designs and adhere to stringent German Quality Standards. This product comes with a reliable 2-year warranty on the product, and 5-year warranty on the motor.
