Soundbar PHILIPS TAB4228 - 160 W

Product Highlights:

- **Immersive Sound Experience:** Enjoy powerful and immersive sound with 160W output, 2.1 channels and a wired subwoofer. The deep bass and rich music enhance your favorite movies, shows, and music, providing a truly immersive audio experience.
- **Aux-In & Coaxial Support:** Immerse yourself in expansive audio with Coaxial and built-in Aux connections. The soundbar enriches bass with its three EQ modes, ensuring enhanced clarity and depth in your audio.
- **Versatile Connectivity:** Easily enjoy your favorite tunes through multiple sources. Switch to Bluetooth mode to stream music from your smartphone or tablet, or play music directly from a USB device. It offers multiple connectivity options, including HDMI(ARC), Optical, and USB, making it compatible with various sources.
- **Stylish and Elegant Design:** The distinctive design of the Philips TAB4228/94 Soundbar adds a touch of style to any home entertainment setup. The slim design of the wired subwoofer allows for easy concealment while still delivering powerful sound.
- **Seamless Integration:** Control the soundbar with your TV remote, simplifying your audio setup and seamlessly integrating it with your existing entertainment system. Enjoy hassle-free operation and elevate your audio experience with this soundbar.
- **Warranty -1 Year**
